

FACULTY INFORMATION

Department: Anaesthesia	
Name of the faculty	Dr.Pradnya Milind Bhalerao
Designation	Professor & Head Of Department
Qualification	MD,Anaesthesia
Academic certification if any and their respective dates..	FAIMER (fellowship in medical education) FACE (fellow of the college of emergency experts) BCME, BCBR
MMC Registration no	61938 11/07/89,61938 09/04/2010
Email id	dr.pradnyabhalerao@gmail.com
Date of joining (current designation) Deputy Dean	Professor & Head of department, Anaesthesia (17/08/2024)
Date of joining (this institution)	Professor & Head of department, Anaesthesia - 17/08/2022
Honours/awards/achievements etc.	Presidents appreciation award for good work for the anaesthesia,Best teacher award (BJGMC),Covid warrior award from various trusts. Past president indian society of Anaesthesiologists (ISA),Pune;President Society of study of pain (SSPP),Pune
Membership of organisation/committee if any	ISA,SSPP,IMA,Geriatric medicine,Emergency medicine
Area of interest	Anaesthesia and pain medicine
Publication list in Vancouver	1.Title: Awearness of personal protective equipment among frontline postgraduate medical residents who provide care to patients with coronavirus disease-2019 Authors: Shital Mahendra Kuttarmare, Sujit Jagannath

[Kshirsagar, Pradnya Milind Bhalerao](#)

Citation: J Pract Cardiovasc Sci 2022;8:157-60

Indexed: DOAJ Scopus

2. Title: Anterior approach of abdominal field block at linea semilunaris: A surgically assisted novel technique for postoperative analgesia in caesarean section

Authors: DangatGV,Dangat VH,**Bhalerao PM**,Darawade SP

Citation: Saudi Journal of Anaesthesia **International** 2020 April; 14(2):147-150

Indexed: Index Copernicus, Index MedicusPubmed
DOAJ Scopus

3. Title: Study of Clonidine vs Fentanyl Intrathecally with 0.5% Bupivacaine in Vaginal Hysterectomy: A Comparative Study

Authors: Khandarkar GL, **Bhalerao PM**,Rajshekar

Citation: Indian Journal of Anaesthesia and Analgesia

National2019 July; 6(5): 1615-22

Indexed: Index Copernicus,

4. Title: Efficacy of Right Superficial Cervical Plexus Block and Intravenous Dexmedetomidine for Relief of Shoulder Pain in Laparoscopic Surgery Under Spinal Anaesthesia: A Feasibility Study

Authors: Ghorgile RN, **Bhalerao PM**, Naik SV

Citation: Indian Journal of Anaesthesia and Analgesia

National2018 June; 5(6):1057-62

Indexed: Index Copernicus,

5. Title: Communication skills training for medical students: a prospective, observational, single centre study.

Authors: Kulkarni KK, **Bhalerao PM**, Sarode VS.

Citation: Journal of Clinical and Diagnostic Research

International2018 June;12: JC14-JC17

Indexed: Index Copernicus, Scopus

6. Title: Esmolol and dexmedetomidine for controlled hypotension in middle ear surgeries-a prospective, open labeled, single centre study.

Authors: Kakade BL, **Bhalerao PM**

Citation: Indian Journal of Medical Science **National**

2017 Oct- Dec;69(3):46-49

Indexed: Index Copernicus

7. Title: Teaching surgical skills in obstetrics and gynaecology using cadaver simulation: an innovative teaching learning method.

Authors: Gaikwad, NB. **Bhalerao PM**

Citation: **International Journal of Research in Medical Sciences International** 2017 Oct;5(10):4411-14. Indexed: Index Copernicus Index Medicus

8. Title: Comparison of analgesic effects of intravenous nalbuphine and pentazocine in patients posted for short duration surgeries: A prospective randomized double-blind study.

Authors: Apte VY, **Bhalerao PM**, Lokapur MA, Sancheti RP

Citation: Journal of Recent Advances in Pain. **National** 2017 May-Aug;3(2):77-80

Indexed: Index Copernicus

9. Title: An evaluation of the addition of dexmedetomidine to levobupivacaine for axillary block

Authors: Khedkar SM, **Bhalerao PM**

Citation: Journal of Medical Sciences & Clinical Research **International** 2017 July;5(7):25752-59

Indexed: Index Copernicus

10. Title: Intravenous clonidine for suppression of haemodynamic response to laparoscopy- a prospective randomised, placebo controlled, single centre study

Authors: **Bhalerao PM**, Thombre SK

Citation: International Journal of Advances in Medicine.

International

2017 Jun; 4(3):788-792

Indexed: Index Copernicus Index Medicus

11. Title: Perception of medical teachers and students regarding objective structured long examination record as an assessment tool-a prospective studying.

Authors: **Bhalerao PM**

Citation: International Journal of Research in Medical Sciences.

International 2017 April; 5(4): 1679-82.

Indexed: Index Copernicus Index Medicus

12. Title: Comparison of bupivacaine with fentanyl and

	<p>bupivacaine with butorphanol for brachial plexus block by axillary approach- a prospective double-blind, randomized study.</p> <p>Authors: Kapse US, Bhalerao PM</p> <p>Citation: International Journal of Research in Medical Sciences.</p> <p>International 2017April; 5(4): 1415-18.</p> <p>Indexed: Index Copernicus, Index Medicus</p> <p>13. Title: Oral midazolam and ketamine as premedicants in children-A randomized open labeled single centre study..</p> <p>Authors: Bhalerao PM, Thombre SK</p> <p>Citation: Journal of Medical Sciences & Clinical Research International 2017; 5(3):18956-18961.</p> <p>Indexed: Index Copernicus</p> <p>14. Title: Palonosetron and granisetron in postoperative nausea and vomiting:A randomized double-blind prospective study.</p> <p>Authors: Gugale AA, Bhalerao PM</p> <p>Citation: Anaesthesia Essays & Researches International2016; 10:402-7.</p> <p>Indexed: Index Copernicus, Index MedicusPubmed</p> <p>15. Title: Oral clonidine and gabapentin suppressor response: A prospective, randomized, double blind study...</p> <p>Authors: Kapse US, Bhalerao PM</p> <p>Citation: Anaesthesia Essays & Researches International 2016; 10(1):17-22</p> <p>Indexed: Index Copernicus, Index Medicus Pubmed</p> <p>16. Title: Ultrasound – guided ilioinguinal and iliohypogastric nerve block, a comparison with conventional technique: An observational study.</p> <p>Authors: Khedkar SM, Bhalerao PM, Kelkar KV</p> <p>Citation: Saudi Journal of Anaesthesia International2015; 9 (3):293-29.</p> <p>Indexed: Index Copernicus, Index MedicusPubmed</p> <p>17. Title: Comparison between intrathecal ropivacaine-clonidine and intrathecal bupivacaine-clonidine for lower limb and lower abdominal surgeries.</p> <p>Authors: Bhalerao PM, Sancheti RP, Kapse US, Khedkar SM.</p>
--	--

	<p>Citation: Medical Journal of Western India National2014; 42(1):14-18. Indexed: Index Copernicus</p> <p>18. Title: Isoflurane a neuroanaesthetic experience. Authors: Mukhedkar,(Bhalerao)PM, Kusurkar AD, Mulay VP. Citation: Medical Journal of Western India National 1993; 21:56-59. Indexed: Index Copernicus</p> <p>19. Title: Perception, knowledge, and attitude of first year postgraduates towards postoperative pain management: A questionnaire based study. Authors: Adsule Pritam B, Bhalerao Pradyna M, Dhumal Prakash R Citation: Indian journal of Pain National 2018; 32(3):163-166. Indexed: Index Copernicus</p>
	<p>20. Title: Preemptive Analgesia with Wound Infiltration Using Bupivacaine with Dexmedetomidine and Bupivacaine Alone for Postoperative Analgesia in Abdominal Hysterectomy: A Prospective Randomized Analytical Study. Author: Shelwatkar, Priyanka Balwant; Kshirsagar, Sujit Jagannath1,; Bhalerao, Pradnya Milind Journal:Indian Journal of Pain 36(3):p 147-151, Sep–Dec 2022. Indexing:DOAJ,Index Copernicus</p> <p>21. Title :Randomized, Comparative, Clinical Trial to Evaluate Efficacy and Safety of PNB001 in Moderate COVID-19 Patients Author:Eric Lattmann, Pradnya Bhalerao, BL ShashiBhushan, Neeta Nargundkar, Pornthip Lattmann, K Sadasivan Pillai, PN Balaram Journal:Medical Journal of Clinical Trials & Case Studies.2021.04.16.21255256; doi:</p>
